

## Songtekst van de dans: How Long

### How Long Moot Davis

Well I ride through these night times  
Blue and all alone  
And on I ride  
'cause I must find my way home  
How long  
How long  
Oh how long  
How long  
How long 'til I'm home  
And I ride with no wind in my sails  
But I push on  
With no light for to guide me  
On my journey home

How long  
How long  
Oh how long  
How long  
How long 'til I'm home  
In the brightest part of light baby  
I think of you  
And in the darkest part night baby  
I am still true

How long  
How long  
Oh how long  
How long  
How long 'til I'm home  
'til I'm home  
'til I'm home
